

THE CROWN
FOR YOUR
KITCHEN

COLOURFUL
NEW YORK PVD

RGX

Our New York sinks are also available in colour! The familiar New York series has been expanded with three different colours, made possible by PVD technology. These New York sinks retain their usual quality and comfort, and feature the same sleek design thanks to our deepdrawing technology and high-grade stainless steel. On top of that, they don't have any welding or folding seams, and the overflow and comfort plug have a matching colour. Thanks to the beautiful colours and the aesthetically pleasing design, these sinks offer the best of both worlds! The New York PVD sinks are excellently suitable for combination with our PVD taps.

Comfort Plug | 10mm radius
